CAMP TALL TIMBERS
est. 1970

There's no place like camp!
There’s nothing like a Camp Tall Timbers summer!

Today’s kids live in a very stressful world, and modern life has put them on a short leash. Camp unplugs them and opens their eyes to the natural world. We build community and confidence.

A philosophy of empowerment and community building
- Improve and develop social and interpersonal skills
- Promote campers’ self-esteem
- Help campers appreciate nature’s wonders
- Allow campers to experience working and living as a team
- Give campers an environment to expand their independence
- Provide the opportunity for campers to set goals, learn new skills and challenge themselves
- Help campers make one new friend a day
- Experience Camp Fires, weekly Bunk Nights and Camp Outs every session
- Campers live in a cabin or tent with peers and counselors where they will undertake the responsibilities of keeping the area clean and making group decisions
- Campers will decide on an activities schedule and when they would like to take them
- Campers are encouraged to learn at least one new skill while at camp, and most learn even more

There are no better friends than camp friends!

An overarching goal of camp is to help campers improve and develop social and interpersonal skills and develop self-esteem. That’s why we see the bunk as the heart of the camp experience. Campers live together in a cabin or tent with peers and counselors where they quickly become a cohesive and inclusive unit. Campers eat with their bunkmates and counselors and every week includes a Bunk Night, to deepen the bonds of friendship.

We believe that every camper is a unique individual with limitless potential. It’s our job to inspire them, and create an environment where every camper can shine.

While we offer an incredible array of activities that reflect the interests of today’s young people, Camp Tall Timbers is really about time-honored values — honesty, friendship, skill-building, respect, teamwork, confidence, creativity, and self discovery.

Camp Tall Timbers’ wooded campus and modern facilities support an active camp agenda. We offer an unparalleled array of sports activities, including a full performing and creative arts program. With our private lake and pool, and on-site riding stables, there’s never a dull moment or an opportunity for a camper to be bored.

There’s no better place to be yourself!

Camp Tall Timbers is a family-owned co-ed camp for boys and girls ages 7 to 16, nestled in the foothills of the Blue Ridge Mountains. Camp Tall Timbers has always been a magical summer place where kids thrive and grow in a community of peers. For nearly 50 years, we’ve built a safe haven, where kids can spread their wings and fly!

We are also one of the 50 most amazing summer camps in the U.S. by Early Childhood Education Zone and Top Education Degrees. org. We have also earned top ratings in Bethesda Magazine’s Best Overnight Camps issue.

The best gift my parents gave my sister and me was the gift of camp. As a former camper, Camp Tall Timbers has given me lifetime friendships, self-confidence, and the ability to try new things. Today, as the mother of two campers, I love that they are able to try new things in a safe and controlled environment, knowing they are experiencing what I did at their age.

– Cindy Perkins, former camper and CTT parent

There’s nothing like trying new things!

Camp Tall Timbers features great trails for hiking, biking and horses and our own private lake. Our modern facilities include mountain board course, baseball diamond, 6-hole putting green and driving range, gymnasium with weight room, riding stables, zip line, climbing wall, soccer fields, basketball and tennis courts, roller hockey facilities, art studio, performance stage and so much more.

With guidance from their counselors, campers build their own daily schedules based on their interests. We believe that giving campers some control over what they do and when they do it creates the best camp experience. We operate on a 5 period day, and on an A, B, C, day rotation, so every day is different.

There’s no such thing as a “typical day” — it’s all about choices!

The schedule also builds in “Free Swims,” or down time where campers are free to swim, play cards, or have a pickup baseball game – anything they choose, always under counselor supervision.

Camp Tall Timbers challenges kids to do, dare, and dream!

Sports
Team and individual sports, plus clinics and instruction, are integral parts of our athletics program. Camp is the perfect place to try a new sport without the pressure to win or “make the team.” Both boys and girls participate in a noncompetitive league program where the emphasis is on sportsmanship and fair play. Private half-hour instruction in tennis and golf is also available for an additional fee.

Equestrian Program
Well-schooled horses give campers a chance to experience Western seat riding through our American Camp Association Accredited Riding Program. We take the time to evaluate campers interested in riding, matching their abilities with the right skill level class. In our sand-filled ring, campers gain and improve their horsemanship skills along wooded trails that let us enjoy the great outdoors. As riding skills improve, we challenge campers by providing safe advanced activities including barrels, roping and more.

Aquatics
With a private lake and a pool, our water skills program has it all. Campers are assessed for their swimming ability and are placed in groups to build and stroke knowledge and confidence. They can also progress through the Red Cross Achievement program. Other water activities include canoeing, paddle boats, paddle boards, kayaks, tubing and water skiing.

Fast Facts:
- Coed Ages 7-15
- ACA Accredited
- 2 Generations of Family Ownership
- Campers Create Their Own Schedule
- 4:1 Camper/Counselor Ratio
- Established 1970
- One Price Tuition Policy
The Arts
Self-expression and hands-on activities are central themes of our fine arts program. Our art studio and performance stage support a wide range of creative activities. Arts & Crafts, Aerobics, Newspaper, Model Rocketry, Dramatics, Dance, Painting, and Pottery all play an active role in the program. Our campers develop self-confidence while enhancing their individual talents. All campers have an opportunity to participate in the camp musical each session.

Challenge Program
The goal of our Challenge Program is to teach teamwork and build self-confidence. We offer a 2-sided climbing wall that introduces campers to the Challenge Program. Our Low Elements course, with its spider web and low wire, builds problem-solving skills, and encourages participants to trust their team members. The popular Zip Wire is the culmination of the program, allowing campers to experience the incredible thrill of safely “flying” through the woods while completely harnessed, helmeted and fastened to the zip line.

There’s nothing more important than caring for our campers!

Medical
Camp has a Registered Nurse 24/7 and a well-equipped infirmary that’s ready to handle any situation around the clock. Emergencies can be handled with speed and efficiency. We have an AED on site. Medical specialists are just 20 miles away in Winchester, VA.

Safety
ACA accreditation ensures that we maintain a safe, quality environment for campers and staff. There is always an certified adult supervisor for all specialized activities, who has experience, documented training and certified lifeguards.

Great Food + Food Options
We serve well-balanced, buffet style meals prepared by a professional kitchen staff. Food allergies and gluten-free requirements are also accommodated.

“CTT is a place where everyone gets along and where counselors and kids of different ages are truly one big community. The team building activities, particularly the evening activities, are amazing.”
– Laurie Rosenthal Seiler
Camp Tall Timbers in the off season

Why not consider Camp Tall Timbers for your upcoming retreat, family or group event? We can accommodate groups ranging from 50 to 200 people.

Your group will have exclusive use of our 120 acre private facility and private lakefront. Our modern cabins are equipped with full electricity, bathrooms and showers.

We’re just a two hour drive from Washington, DC, and just five miles inside the West Virginia line. Dulles airport is only 75 minutes away. Chartered bus service can be arranged.
